

'I Remember'

Lyrics

The Covid Composers Songbook

Breath Cycle II

'I Remember'

I remember us laughing
Laughing in the game
I remember denying time
So I could stand there again

I felt young, I felt alive

I remember us racing
Racing up the stair
I remember the night before you left
What a pair we were

I felt young, I felt alive
I felt held, I felt loved
Did you feel it too?
Did you feel it too?

I remember us bursting
Bursting with pride
I remember how lucky I was
With you by my side

I felt young, I felt alive
I felt held, I felt loved
I felt brave, I felt bold

I remember us dancing
Dancing to our own beat
I remember traveling
The world at our feet

I felt young, I felt alive
I felt held, I felt loved
I felt brave, I felt bold

I felt wild, I felt free
Do you feel it too?
Ooh...
